

Interval Lines: 2nds & 3rds

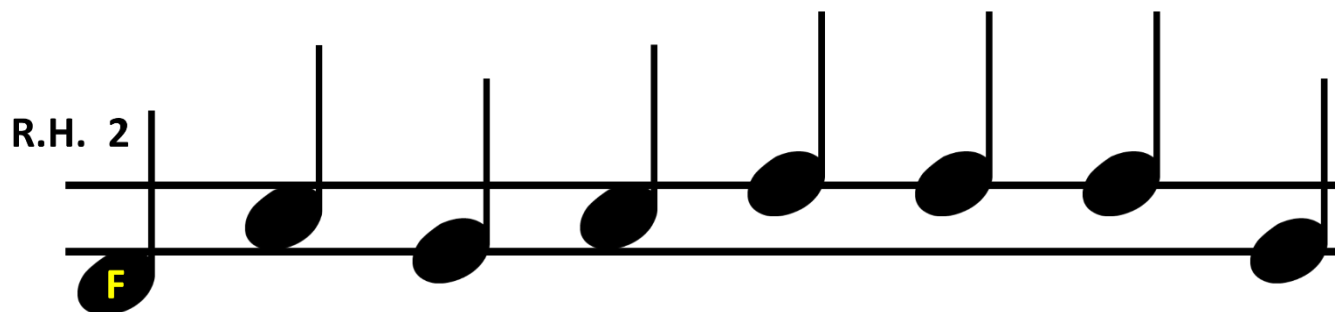

An Interval Line is an incomplete staff. It has just 2 or 3 staff lines, so it is easier to focus on the interval rather than thinking about the note names. The interval line below has 2 staff lines and 8 notes.

Studying this Interval Line carefully, we see there are 2nds, 3rds and repeated notes:

Now the first note of this Interval Line has a name and a finger number. Using your Right Hand, play through the intervals of this Interval Line on your piano beginning with finger 2 on an F key.

Which note did you end on?

If it was a G (with finger 3), you did a great job!

If not, try again.

Interval Line Studies

Write in the number of 2nds, 3rds and repeated notes you can see on the following Interval Lines. Play them and for each one, write in the name of the last key you played.

R.H. 1

Legend:

- Steps
- Skips
- Repeats
- Last Key

R.H. 3

Legend:

- Steps
- Skips
- Repeats
- Last Key

R.H. 4

Legend:

- Steps
- Skips
- Repeats
- Last Key

Sight Reading 2nds & 3rds

Carefully study each line of music below and think about where the 2nds, 3rds and repeated notes are. Then play each line slowly.

1.

2.

3.

4.
