

# PRE-PRIMER PIANO SIGHT READING FLASH CARDS

© www.Piano-Together.com

*These cards use whole notes, half notes and quarter notes, and they cover the notes C, D, E, F and G.*

*Use them to strengthen your pre-primer students' keyboard geography. Place a card on the music stand, give the student a finger to start with and have him play the notes on the card. For more advanced students, line up 2 or 3 cards for them to play.*

*These cards can be used with both the right hand and the left hand.*
